19 JUL 1963

MEMORANDUM FOR: Chief, SAS

THROUGH: Deputy Director (Plans)

SUBJECT: Housing Assistance Program for Employees  
Stationed in [REDACTED]

25X1A6a

25X1A9a

1. This is to confirm the understanding reached during our meeting on 12 July which was also attended by Messrs. [REDACTED]

25X1A9a

25X1A9a

The purpose of the meeting was to consider the action we should take at this time in consideration of the established terminal date (31 May 1964) of the housing assistance program for certain employees stationed in [REDACTED]

25X1A6a

2. Because of the new operational program which is now being activated by [REDACTED] and because of the uncertainties of personnel assignments and replacements which will be required, it was decided that confirmation or change of the terminal date for the housing assistance program will be deferred until January 1964. At that time you will be able to evaluate the progress of the new operational program and forecast personnel requirements for the following year. It was emphasized that reduction or elimination of the housing assistance program under present conditions of uncertainty as to duration of assignments would have a serious detrimental effect upon the operational program. Depending upon the operational and personnel situation existing when our review of this subject is resumed in January 1964, you have indicated the possibility of proposing an extension of the housing assistance program to the spring of 1965 which would see it through the new eighteen month operational program.

25X1A8b

3. In consideration of the above action, it was the consensus of those present that all employees stationed at [REDACTED] under conditions similar to those existing at JMWAVE should be given advantage of the housing assistance program while it is in effect at JMWAVE. It was also determined that the housing assistance program is inapplicable to 25X1A6a 00/Contact employees and [REDACTED] personnel stationed in [REDACTED]. It is recognized that at one time [REDACTED] was staffed by a small cadre of personnel on a fixed tour of duty plus the flying squad and trainees.

Excluded from automatic

25X1A6b

The personnel augmentation at [REDACTED] in support of JMWAVE has resulted in temporary indefinite assignments and has removed the distinction among categories of personnel to a point where it is inequitable to attempt to identify those who may be fully in support of JMWAVE and those who may be assigned to other duties. I have authorized the [REDACTED] Station to establish the housing assistance program identical to that in effect at JMWAVE effective 1 July 1963.
